BAY VIEW ACADEMY P.E.C.H.S CAMPUS

Message from the Vice Principal

As we successfully complete our first year at the P.E.C.H.S branch of Bay View Academy, I would like to thank my entire team for rising to the challenge and working hard to meet the enormous expectations that are associated with any new venture. The spirit of teamwork, one of the hallmarks of our school, was evident in the invaluable guidance, help and support we got throughout the year from our colleagues in Defence and Clifton. None of this could have been possible without them. I would also like to appreciate the parent body for strengthening our small community with their unwavering patience and cooperation. I wish you all happy holidays and look forward to welcoming you back in August.

Message from the Directors

Looking back over twenty-five years of Bay View Academy, one can't help but feel nostalgic. When we run into former colleagues or ex-students, it is only natural to reminisce about how things used to be. The old "cozy" school began in a house in Clifton, expanded into three different buildings before finally moving into our purpose-built campus in Phase VIII.

Today our Board of Directors has expanded to include a new generation of family members. We have combined their energy with our experience to establish campuses in Clifton and PECHS. Key educational leaders, who have grown professionally with us over the last decade, support these directors and provide the continuity in our approach and philosophy. Therefore, as we grow we continue to focus on our core values: the care and growth of our students.

However, it's also important to remember that we can only continue in our mission by constantly reevaluating ourselves, learning from the world around us and, always, moving forward.

Activity Day

29th November 2015

Activity Day is a non-competitive event where the emphasis is on participation rather than winning or losing.

Children are engaged throughout the day in fun-filled activities which showcase their agility, determination and athletic prowess.

Balloons, music & cheers of excitement from the audience add to the festive atmosphere and perhaps the best part of all is how at the end of the day, every child goes home a winner.

Sing Along

7th April 2016

A much-awaited event in the Second Term is the Pre-Primary Section's Sing Along, an occasion which provides our youngest students with the chance to take to the stage and surprise everyone with their immense self-confidence and talent.

Rehearsals start as early as January with both students and teachers working side by side to make it all happen. On the final day, it is wonderful to see all those hours of practice come together in a colourful and lively display of song, dance and action.

Sports Day

13th December 2015

Our Annual Primary Sports Day took place on 13th December 2015. The interactive format of this event which was introduced some years ago, proved to be successful yet again.

There was an interesting mélange of field activities in which all the students participated enthusiastically. Everyone was treated to an exciting display of healthy competition and teamwork, as all three Houses battled for victory.

It turned out to be a thoroughly enjoyable event for all present, with Orange House emerging as victors on the day.

Talent Week

3rd March 2016

Talent Week is always an exciting time on the school's calendar of events. It is an opportunity for the hidden talents of many to surge to the forefront. Every year brings with it a fresh new wave of entertaining and talented performers. This year was no exception as the students of Kindergarten, Class I, Class II and Class III gave some commendable performances. It never ceases to amaze one, how these young students perform with such confidence and poise in front of an audience.

Credit goes to both our students and teachers for all their hard work and perseverance.

BVA STAFF

RENOVATION OF THE NEW CAMPUS

The summer of 2015 bore witness to the metamorphosis of an old structure from an office building into the new campus we see today. Faced with the uphill task of accomplishing a major transformation in the span of just two months, a crew of determined workers laboured tirelessly around the clock, under the guidance of one of our school directors, Adil Sheikh, who oversaw the whole project. Thanks to their efforts, work was completed on schedule and the new facility opened its doors in August 2015.
