PLAYGROUP ADMISSION PROCESS FREQUENTLY ASKED QUESTIONS

We understand that choosing the right school for your child is an important decision, and that the admissions process can sometimes feel daunting. We hope the following frequently asked questions will provide greater clarity about the admission process at **The Cove – Bay View Academy**.

What are the criteria for admission?

Admission is based on a range of criteria, some relating to the parents and applicant, and others to the needs and composition of the particular group of students, such as the boy/girl ratio. The admission process includes an in-person interview with both parents. While applicants accompany their parents for the interview, selection is based on the potential of the applicant rather than on an academic assessment.

What are the different factors considered during the interview?

The interview is an opportunity for us to meet the applicant and their parents and to learn more about the family. It allows us to consider the compatibility of the applicant and family with the values, approach and educational philosophy of The Cove and Bay View Academy, as well as the applicant's readiness to benefit from our program.

Do you take an applicant's age into consideration?

We recognize that young children develop at different rates and are at different stages of development. The age of the applicant is therefore taken into consideration as part of the admission process.

What happens after Playgroup?

All admitted candidates attend Playgroup at The Cove. At the time of admission, each child will be assigned to a campus of Bay View Academy – Defence, Clifton or PECHS – where they will continue their education from Nursery onwards. Admitted candidates will not have to reapply for Nursery.

Are siblings guaranteed admission?

While siblings are given a degree of preference during the admission process, admission is not guaranteed for any child.

Thank you for your interest in **The Cove – Bay View Academy**. We appreciate the trust families place in us when considering a school for their child.
